

Adding ParentPay icon shortcut onto Android device

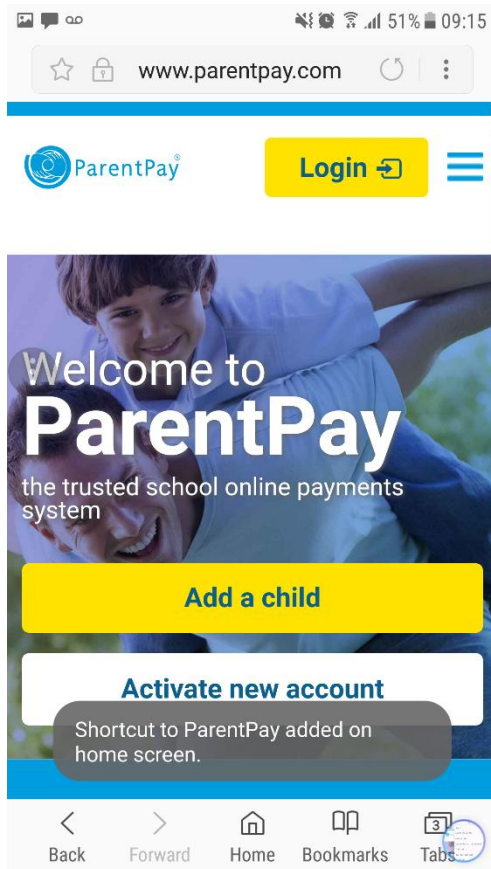

1. Type in 'www.parentpay.com' into the phones' internet browser

2. Tap the 3 grey dots next to the search bar on the browser – as shown in the red circle

3. This will bring up the menu on the browser. Tap on 'Add shortcut on Home screen' as shown in the red box

4. A message will pop-up on the browser confirming that the shortcut has been added to your home screen

5. Go to your home screen – where you will find the ParentPay tile which will direct you straight to the ParentPay application
