Homework

The homework will be given out on a Thursday and needs to be done by Wednesday. Homework instructions will be on the class newsletter. Please read x3 times a week. We love comments from parents/family members and children in their reading diaries. Please sign the reading diary so we know your child has read their book. Maths will be on 'My Maths' and it will reinforce our learning in school.

How You Can Help

English

Please read as often as possible with your child. Ask them questions on the book to develop comprehension skills and discuss interesting words to develop their reading. Reading at home is vital in Year 3 as they need to work on their fluency, expression and comprehension skills.

Practise your 3, 4 and 8x tables. Revise your 2, 5 and 10 x tables if needed. Help your child to tell the time so that they can tell the time to the minute by the end of the year.

Maths

Place Value up to 1000

Addition and Subtraction

Add and subtract numbers mentally to 100.

Add and subtract numbers using 3 digits using a written method.

PSHE/RSE

My Happy Mind

My Happy Mind- Meet Your Brain and My Happy Mind Places- exploring and expressing emotions and self regulation.

Important Dates

11th September: First Aid workshop.
